### **SKEET MATCH**

at: ASHLAND LAKE GUN CLUB  
206 U.S. Route 42, ASHLAND, OHIO 44287  
June 8, 2013, 10:00 AM

Here is *today's special* game!

You and your spotter (team event) are lost behind the lines. You have a shotgun. *You don't know what you will see in the sky....*

You want to shoot the **enemy** and **dinner** but not shoot a "friendly"!

Its international skeet order, alternating shooting w/ partner.

All the birds are pick-ups (some are already wounded)...

Some random birds are painted white, others painted black...

Shoot a white bird "friendly" (-2).... Miss a black bird "enemy" (-1)... you have a spotter! (If you are wearing an Axis uniform scoring opposite)

\$5 per round (25-birds) per team (\$1 goes into pot).

**The prize.... the pot for the best scoring team per flight (6-teams).**

Are you (and partner) up for the challenge?
