

# **THE CORNED BEEF BASH 2004**

## **This is Corned Beef!**

This is the third year for this casual enjoyable event. We are striving once more to provide an epicurean delight that stimulates visions of leprechauns on the white sand beaches of ALGC. Our only interest is to be in the enviable position of serving the "World's Best" Corned Beef Sandwich.

Well, after a great deal of detective work and extensive research, I have ascertained that the very best Corned Beef is a combination of exquisite brisket and the appropriate pickling process. We will introduce the newest County Ashland (soon to be famous) Corned Beef on September 18. This will be served along with a properly seasoned cabbage with potato and carrot boil, fresh baked deli Kaiser rolls, other sides, and proper condiments to round out the complete Corned Beef Bash.

This will be an all you can eat event and I pledge to you that I will cook as much Corned Beef as humanly possible, given our somewhat limited facilities, so that we all will be able to savor every last ounce of this culinary treat until it's all gone. My fellow Epicureans trust me when I tell you, "There will be no leftovers on this one!"

Here're the details.
